23rd April 2021

Dear Parents and Carers,

As your child may have mentioned, we have an exciting Space VR experience in school, next week on **Friday 30th April**.

Each class bubble will have a session in the hall, where they will be immersed into the world of outer space and become astronauts. This is a fantastic opportunity for them and something they are likely to remember for a very long time. It's not every day the hall is turned into a virtual universe! The whole class will simultaneously blast off into space, piloting their research vessels around planets and moons, learning about the solar system as they go.

We kindly ask for a voluntary contribution of £1.50 from each child that takes part in the session. This can be paid on Parent Pay.

Kind Regards

Mr Monaghan
